FINE JEWELLERY

Morgan Portman Jewellery

The Morgan Portman jewellery brand embodies the style, confidence and elegance of a well traveled, knowledgeable woman. Like the wearer, each piece is exclusive, made by Italian artisans with 18k gold and natural certificated, conflict-free stones. All are created under the umbrella of sustainability and respect to the environment. The Forever Collection, comprised of lockets, pendants, chains, body chains, finger bracelets and earrings celebrates love and eternal connection.

*l'alta
bellezza*

It will represent the worldwide launch of the brand and be a forerunner for many future collections to come. The designs have a distinct fusion of modern and vintage, embracing the history of jewellery by incorporating lost artisanal techniques with modern design. They are timeless yet fresh. These pieces help you slip into the best version of yourself and give you permission to own your unique personality and express yourself. Each pendant can be worn as a necklace or an earring, bringing the versatility a traveling woman desires. And each locket is personalized inside and custom tailored to its owner's desires; the story is yours to tell.
